PROFESSIONAL OBJECTIVE

I am a second-year student at CFGM *Sistemas microinformatic i xarxes*, now I am looking for a job to be able to put into practice the knowledge I have obtained.

This course has helped me learn to work in a team, help my colleagues and take initiative.

I have participated in several volunteering

TRAINING

2020-Cursing, CFGM *Microinformatic Systems and Xarxes*, Bellvitge Jesuits. Study Center Joan 23

2016-2020, compulsory secondary degree. (ESO) Bellvitge Jesuits. Study Center Joan 23

2021-2022, practicas *escuela Balaguer*

PROFESSIONAL SKILLS

Assemble and setting up computers and peripherals, ensuring their operation in quality and safety conditions.

This year (2022) I did an internship at the Balaguer study center in Torrasa and it helped me a lot to learn a little more about working life. I learned how to assemble and disassemble computers, fix screens, set up computers, set up printers, and help set up the school's internet.

NON-WORK ACTIVITIES In 2019

I did a volunteer job, the volunteer job was to train 1st and 2nd grade children who played futsal.

As a hobby, I play in two futsal teams. I'm playing for ONCE as a volunteer and for Bellsport in Bellvitge, I'm a goalkeeper and captain of my Bellsport team.
